

CLM-10429

5/8

The drawing shows a shaft with a diameter of 5/8 inch. The shaft has a total length of 3 3/16 inches. The shaft features a stepped profile with a chamfered end on the right side. The diameter is constant at 5/8 inch for most of the length, with a slight taper in the middle section. The drawing includes dimension lines and arrows indicating the measurements.
