

CLM-16040

5.3125

The image shows a technical drawing of a vertical profile. The profile is mostly rectangular but has a complex, irregular top edge. A vertical dimension line on the left side of the profile indicates a height of 5.3125 units. A horizontal dimension line at the bottom indicates a width of .625 units. The drawing uses standard engineering notation with arrows and tick marks to denote dimensions.

.625
